acj319

Airbus ACJ319

Intermediate in size between the ACJ318 and ACJ320, the ACJ319 is also a luxurious VIP version airliner with a very spacious cabin and exceptional operational performance. The ACJ319 is particularly popular among heads of state because of the flexibility of the cabin. Depending on the configurations, the different zones allow for 19 passengers and can include bedrooms, dining rooms, and lounges, offering maximum comfort during travel. In terms of operational performance, The ACJ319 is an exceptional aircraft. It can make intercontinental flights, of more than 11.000 KM, at high cruising speeds, allowing you to complete very long flights quickly.
